## Square One Development Land Requirement North West

### About Square One

Square One are a developer of key worker residential accommodation.

The advantage of Square One is their development model.

They can generate revenue from difficult, poorly configured and poorly accessed back land.

Square One are well funded and can make quick decisions.

### Requirement

Their model development is for 12 residential units on sites of up to 0.2 acres.

3 more sites required this year. 6 to 12 sites in 2012.
